EXECUTIVE OVERVIEW

Profile Summary

Who I Am

I am **Sipten Raja**, a Full-Stack Developer, UI/UX Designer, and Data Automation Specialist. I build fast, scalable SaaS web platforms, mobile-first applications, interactive 60FPS 3D WebGL experiences, and automated business reporting workflows.

Core Strengths

Combining modern product engineering (**Next.js, React, TypeScript, Tailwind CSS**) with advanced data intelligence (**MS-Excel, Power Query ETL, Power BI, VBA & SQL**) to save operational hours and boost client conversions.

Career Snapshot

Founder of **Sipten Labs** with **10+ live verified projects**, 40+ studio templates & shaders, and a **94% Excellent Grade Diploma** in Computer Science & Technology (DCST). Available for global remote roles & freelance projects.

VERIFIED DEVELOPER

Remote Ready

Work Experience

Founder & Lead Full-Stack Developer — Sipten Labs

2024 – Present

• Architect and deploy full-stack SaaS platforms (**Nexa Financial, SalesFlow CRM, Savora**) using Next.js, React, TypeScript, and Tailwind CSS on Vercel.
• Provide risk-free initial live demos for global freelance clients with 100% responsive mobile/desktop performance.

Data & Excel Workflow Automation Specialist

2024 – Present

• Engineered 10+ automated Excel, Power Query ETL, VBA Macro, and Power BI dashboards for P&L tracking, inventory, and sales reporting.
• Eliminated manual spreadsheet work by converting multi-hour data cleaning into 1-click refreshable models.

3D WebGL Shader & UI/UX Product Creator

2025 – Present

• Created an interactive studio library of 5 live 60FPS WebGL shaders, 18 web UI templates, and 9 mobile banking/travel/fitness app UI kits in Figma.

TECHNICAL ARSENAL

Key Competencies

Full-Stack • 3D Web • BI Automation

</>

Full-Stack & SaaS Dev

Next.js – React.js – TypeScript – Node.js

XL

Excel & ETL Automation

Advanced Excel – Power Query – VBA Macros

BI

Data & BI Analytics

Power BI – SQL – Python – KPI Dashboards

3D

3D Web & Shaders

Three.js – 60FPS WebGL Canvas – Blender

UI

UI/UX & Mobile Design

Figma Prototyping – Tailwind CSS – App UI

Cloud & Databases

MongoDB – Git & GitHub – Vercel CI/CD

ACADEMIC CREDENTIALS

Education

2025 – 2026

Diploma in Computer Science & Technology (DCST)

Rashtriya Computer Literacy Drive (RCLD Authorised Centre, Islampur)

12-Month intensive diploma covering MS-Office (Excel, Word, Access), C Programming, HTML, Python, JavaScript & SQL.

Excellent Grade **94% Marks**

2025

Intermediate Examination (12th Science — PCB)

Bihar School Examination Board (BSEB), Patna

Completed Higher Secondary (10+2) in Science Stream (Physics, Chemistry, Biology, English & Urdu) from Project Azad High School Pothiya, Kishanganj.

Science Stream **Verified Pass**

2023

Secondary School Examination (10th Board)

Bihar School Examination Board (BSEB), Patna

Completed Secondary School Board Examination with strong foundation in Mathematics, Science, and Analytical Problem Solving from Utkramit M.S. Kusiyari.

10th Board **Verified Pass**

KEY IMPACT

Proven Results

Verified codebases, live Vercel deployments, and measurable time savings through automation.

100% Client Satisfaction Focus

Achievements

01

94% Excellent Grade in DCST

Scored 92/100 in Theory and 96/100 in Practical examinations in the 12-Month Computer Science & Technology Diploma.

02

42+ Live Studio Assets Built

Engineered 5 interactive 60FPS WebGL shaders, 18 web templates, 9 mobile UI kits, and 10 automated BI dashboards.

03

80%+ Reporting Time Saved

Replaced hours of manual spreadsheet cleanup with 1-click Power Query ETL and VBA Macro automation workbooks.

04

4 Live Production Web Apps

Independently built and deployed Sipten Labs Studio, Nexa Financial SaaS, SalesFlow CRM, and Savora Restaurant App.

LIVE PRODUCTION DEPLOYMENTS

Featured Projects

All links are live & clickable

Nexa Financial Platform

FINTECH SAAS

Executive financial analytics & treasury SaaS interface with real-time KPI metrics, interactive charts, and responsive dark-mode architecture.

nexa-financial-platform.vercel.app — Next.js • Tailwind

SalesFlow BI & Revenue CRM

BI DASHBOARD

Sales pipeline intelligence and automated revenue tracking platform engineered for high-growth teams to monitor conversion funnels.

salesflow-tawny.vercel.app — React • Next.js

Savora Restaurant Platform

FULL-STACK WEB

Modern dining & hospitality web application featuring interactive menu exploration, table reservation flow, and mobile-first UI.

savora-restaurant-psi.vercel.app — Next.js • UI/UX

Sipten Labs Interactive Studio

3D & AUTOMATION

Official portfolio & digital asset studio showcasing 5 live 60FPS WebGL shaders, 18 web templates, and downloadable Excel proof workbooks.

siptenlab-henna.vercel.app — WebGL • Power Query

VERIFIED CREDENTIALS

“Certified to turn complex ideas into automated digital reality.”

Every qualification is backed by original board certificates and practical hands-on project execution.

- ✓ **Diploma in Computer Science & Technology (94%)**
  RCLD Authorised Centre • Theory: 92/100, Practical: 96/100
- ✓ **Advanced MS-Excel, Power Query & BI Automation**
  ETL Data Cleaning, VBA Macros & Executive KPI Dashboards
- ✓ **Full-Stack Web, SaaS & 3D WebGL Architecture**
  Next.js, React.js, TypeScript, Tailwind CSS & Three.js Shaders
- ✓ **Higher Secondary (12th Science) & 10th Board**
  Bihar School Examination Board (BSEB), Patna

Languages & Interests

Languages

Hindi & Urdu — Native / Bilingual

English — Professional Working

Bengali — Conversational

Core Interests & Focus Areas

- ⚡ SaaS Product Architecture
- 🌐 Interactive 3D WebGL Shaders
- 📊 Business Workflow Automation
- 🎨 High-Converting Figma UI
- 🤖 AI-Assisted Development
- 🚀 Continuous Daily Learning

AVAILABLE FOR FULL-TIME ROLES & FREELANCE PROJECTS
